

ESD Magazine Rack

Min width
50mm. Max. 464
mm

- ◆ It is especially designed and produced for SMT panels.
- ◆ Suitable for both empty board and panel with full SMT or THT components on it.
- ◆ Suitable for rigid board.
- ◆ It meets standard of worldwide EMS SMT companies, like Foxconn, Flextronics and Jabil. We have already been trusted by them.
- ◆ High temperature resistance(60°C/80°C/100°C/120°C)
- ◆ Anti-static. ESD index $10^6 - 10^9 \Omega$
- ◆ Simple to adjust the width based on your different PCB.

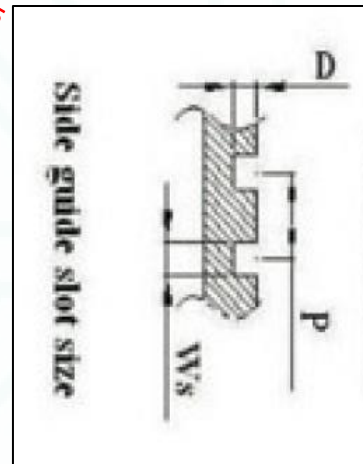

This is the video about how to adjust the magazine rack. Your board 464 X 504 max400 X 450 min.

Specification

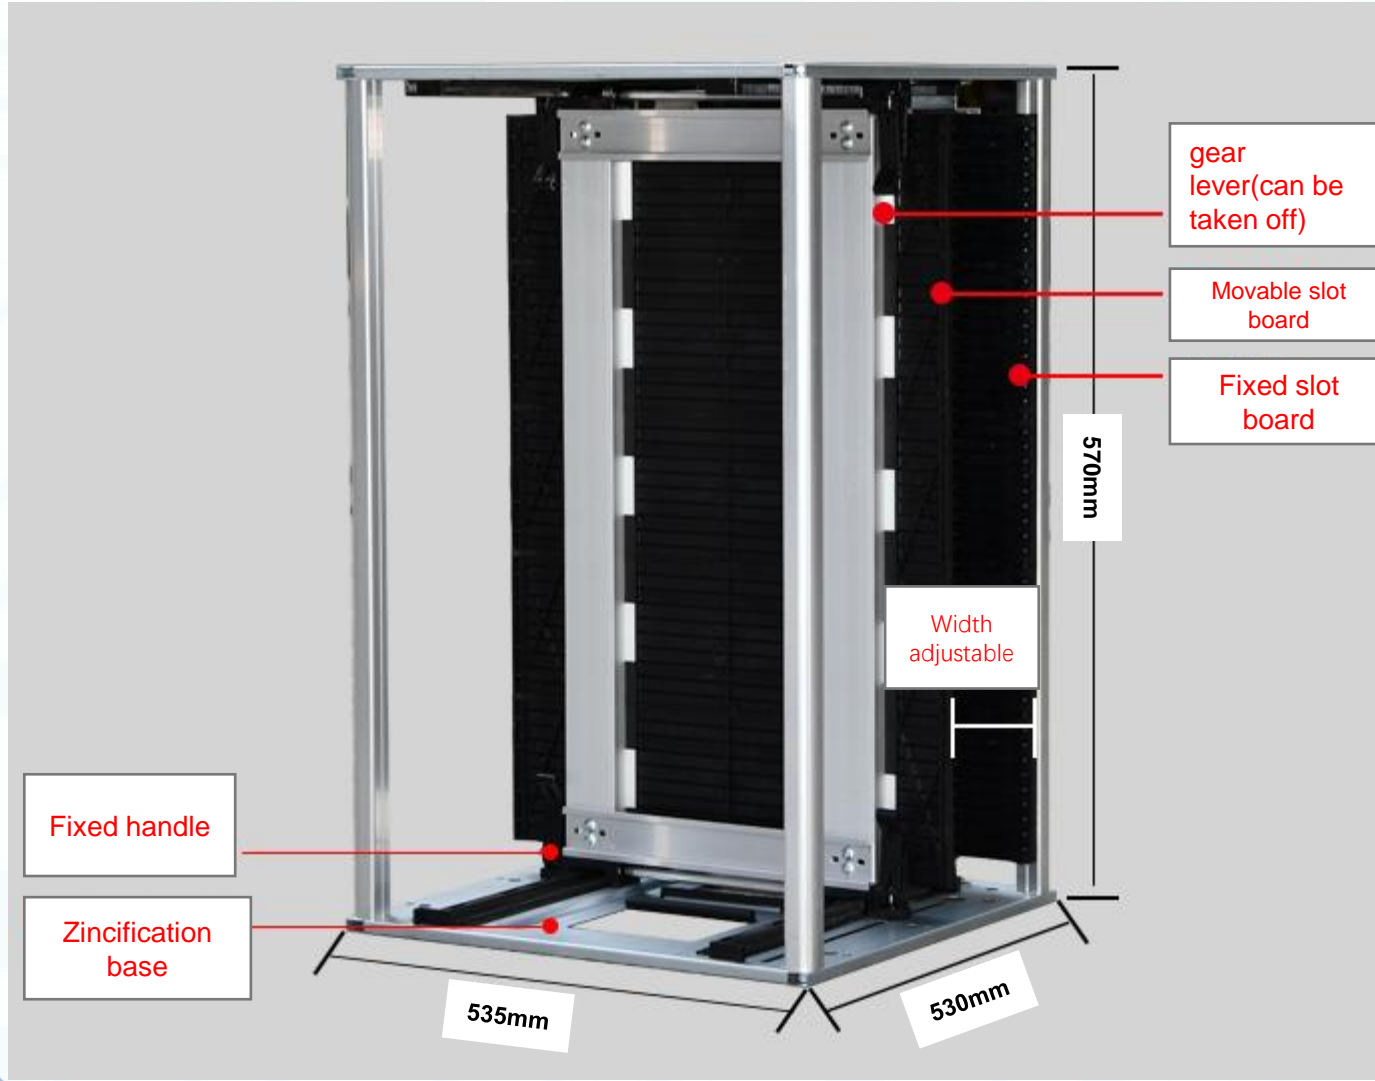

Suitable for PCB Max 535mm, able to hold your panel 504mm

Min width 50mm. Max. 464 mm

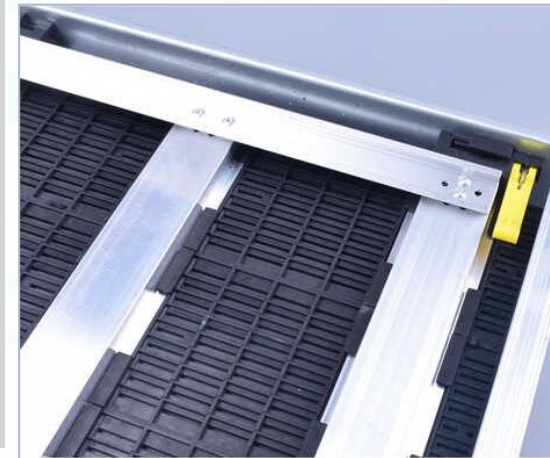

Brand/model	Southern Machinery: S464C
Magazine outer size (LxWxH)	535x530x570mm
Suitable for PCB (LxW)	Max.535x(Min.50,Max.464)mm
Width adjustable	50-464mm(able to hold your panel)
Capacity	At most 50pcs PCB can be stored
Width adjustment	Buckle adjustment
Raw material	PP + Aluminum alloy of high quality
Surface Resistance	Anti-static. ESD Safe. $10^6 - 10^9 \Omega$
Weight	About 5KG
Guide Slot(left pic)	D=3.5mm, Ws=5.0mm, P=10.0mm

Structure and Details

Universal size for worldwide standard

Buckle to adjust width

ESD test

Application

makes it a tidy workshop

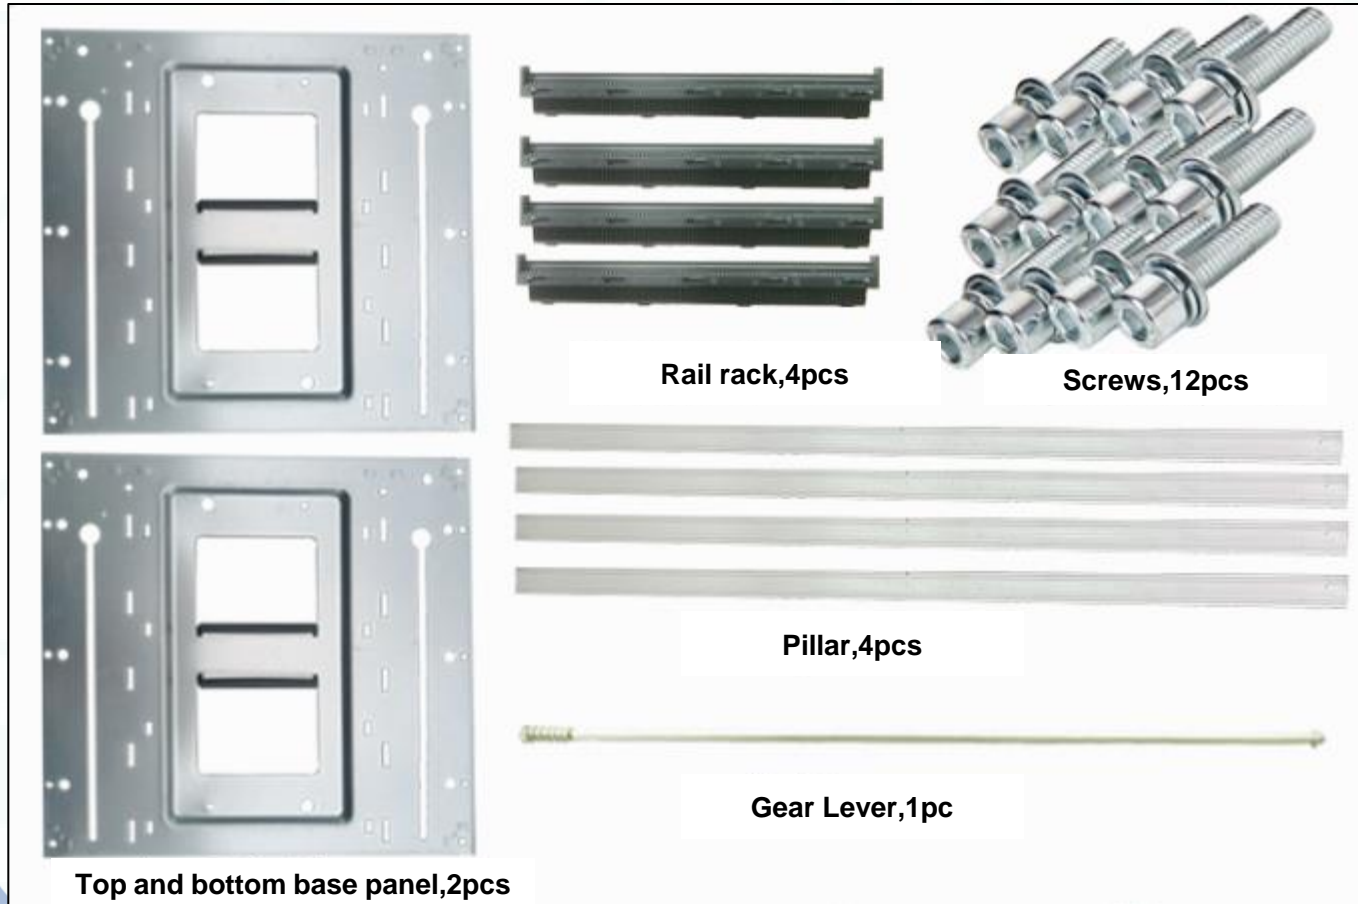

works with PCB loader/unloader

It would be better to have information about your PCB loader/unloader.

Working flow:
PCB→Magazine→Loader

Packing List

It is easy to assemble. In order to well protect the magazine during transportation and save shipping cost(decrease the CBM), usually we will pack them in spare parts kit.

Best After-sales service

- **7x24 Worldwide Support**
- **Free Installation/ Training**
- **1 day lead-time (spare parts)**
- **1 Month customize solution**
