

Description

Suitable for mixing Epoxy Resin, also other materials, such as LED photoelectric, Siler paste, Nano powder material and so on

Features

1. Rotation/revolution with a high power vacuum pump
2. Can mixing high-viscosity material using 2 centrifugal force: rotation and revolution in a short time
3. Large capacity: Maximum 1500ml (2*750ml)
4. Up to 11 preset programs (Can be customized), suitable for different types materials
5. Max rotation speed up to 2000rpm
6. Time control setting: Accurate to 1s
7. Convenient running: Touch screen & obvious button
8. Highly stability in use

Specifications

Model	S-PM750V	Weight	120KG
Machine Size(L*W*H)	681*686*740mm	Spindle Cooling Mode	Normal Air-cooled(can choose Oil-cooled: Continuous operation for more than 30 minutes or high-speed rotation in a single instance)
Mixing Capacity	750ml/jar, 2 jars/time		
Mixing Method	Centrifugal mixing + Vacuum		
Mixing Angle	45°		
Power	1.2KW		
Applicable temperature, humidity, and voltage	10-45°C, 20-80%RH, Ac220V 50/60HZ		
Running Speed	200-2000rpm	Safety Protection Device	Cannot start operation when the upper cover is not closed, emergency stop, motor overload alarm, automatic stop when a fault occurs
Vacuum Pump	Oil-free Vacuum Pump (can choose external oil-sealed)		
Vacuum Degree	35mba(6mba)~1atm, accuracy 0.01KPa		
Vacuum Flow Rate	100L/Min*2		
Control Mode	Variable Frequency Drive Control, Touch Screen Preset, Human-machine Interface	Program Storage Capacity	11
		Setting Time	1-999s(Totally 5 steps), Accurate to 1s
		Transmission Ratio & Mode	Mechanically constant(Optional rotation and revolution, separately adjustable from 10-100%). Gear Transmission

Material Mixer Video & Pictures

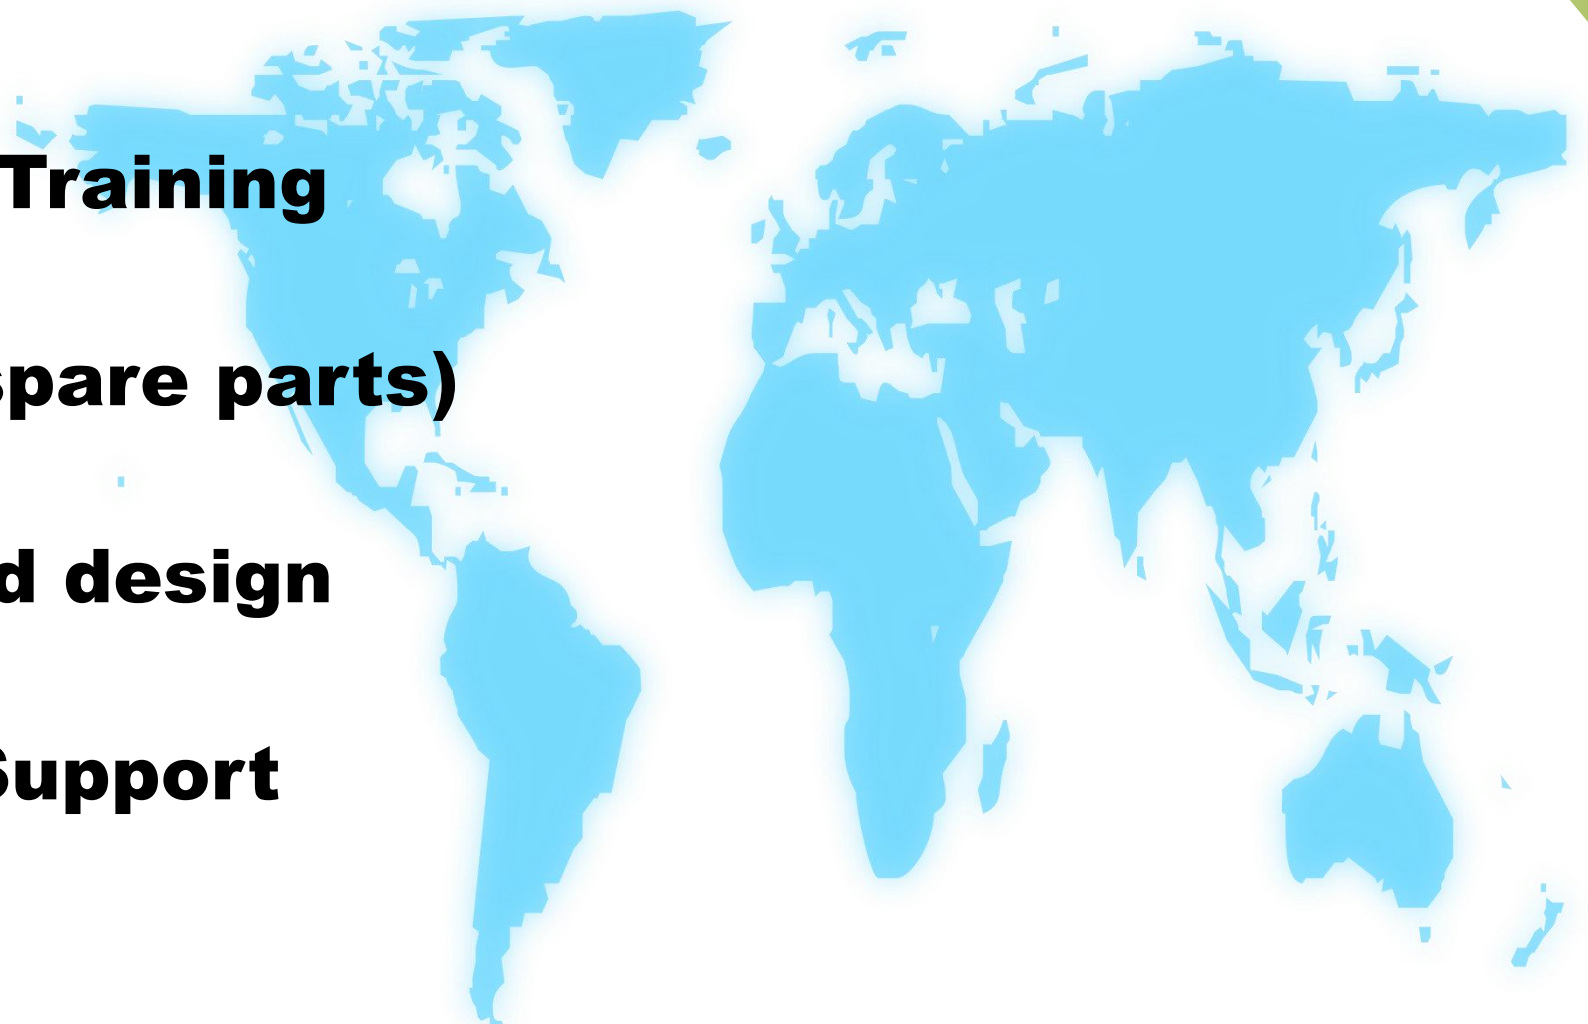

7 Benefits for Choosing S-PM750V

1. High running speed (up to 2000rpm): bubble removal quickly
2. Lower noise
3. Better stability
4. Clearly Buttons for control
5. High sealing performance
6. Durable bearing: smooth rotation
7. High durability: use famous brand motor

Best After-sales service

- **Free Installation/ Training**
- **1 day lead-time (spare parts)**
- **5 days customized design**
- **7x24 Worldwide Support**
