

Introduce of Intelligent SMT Reel Storage

Hardware

SIS7000A

- Suitable for 7inch reels, double-sided
- Slot width: 16mm
- Size: 2280mm*400mm*1950mm
- Storage: $7*100*2=1400$ SLOT

SIS4000A

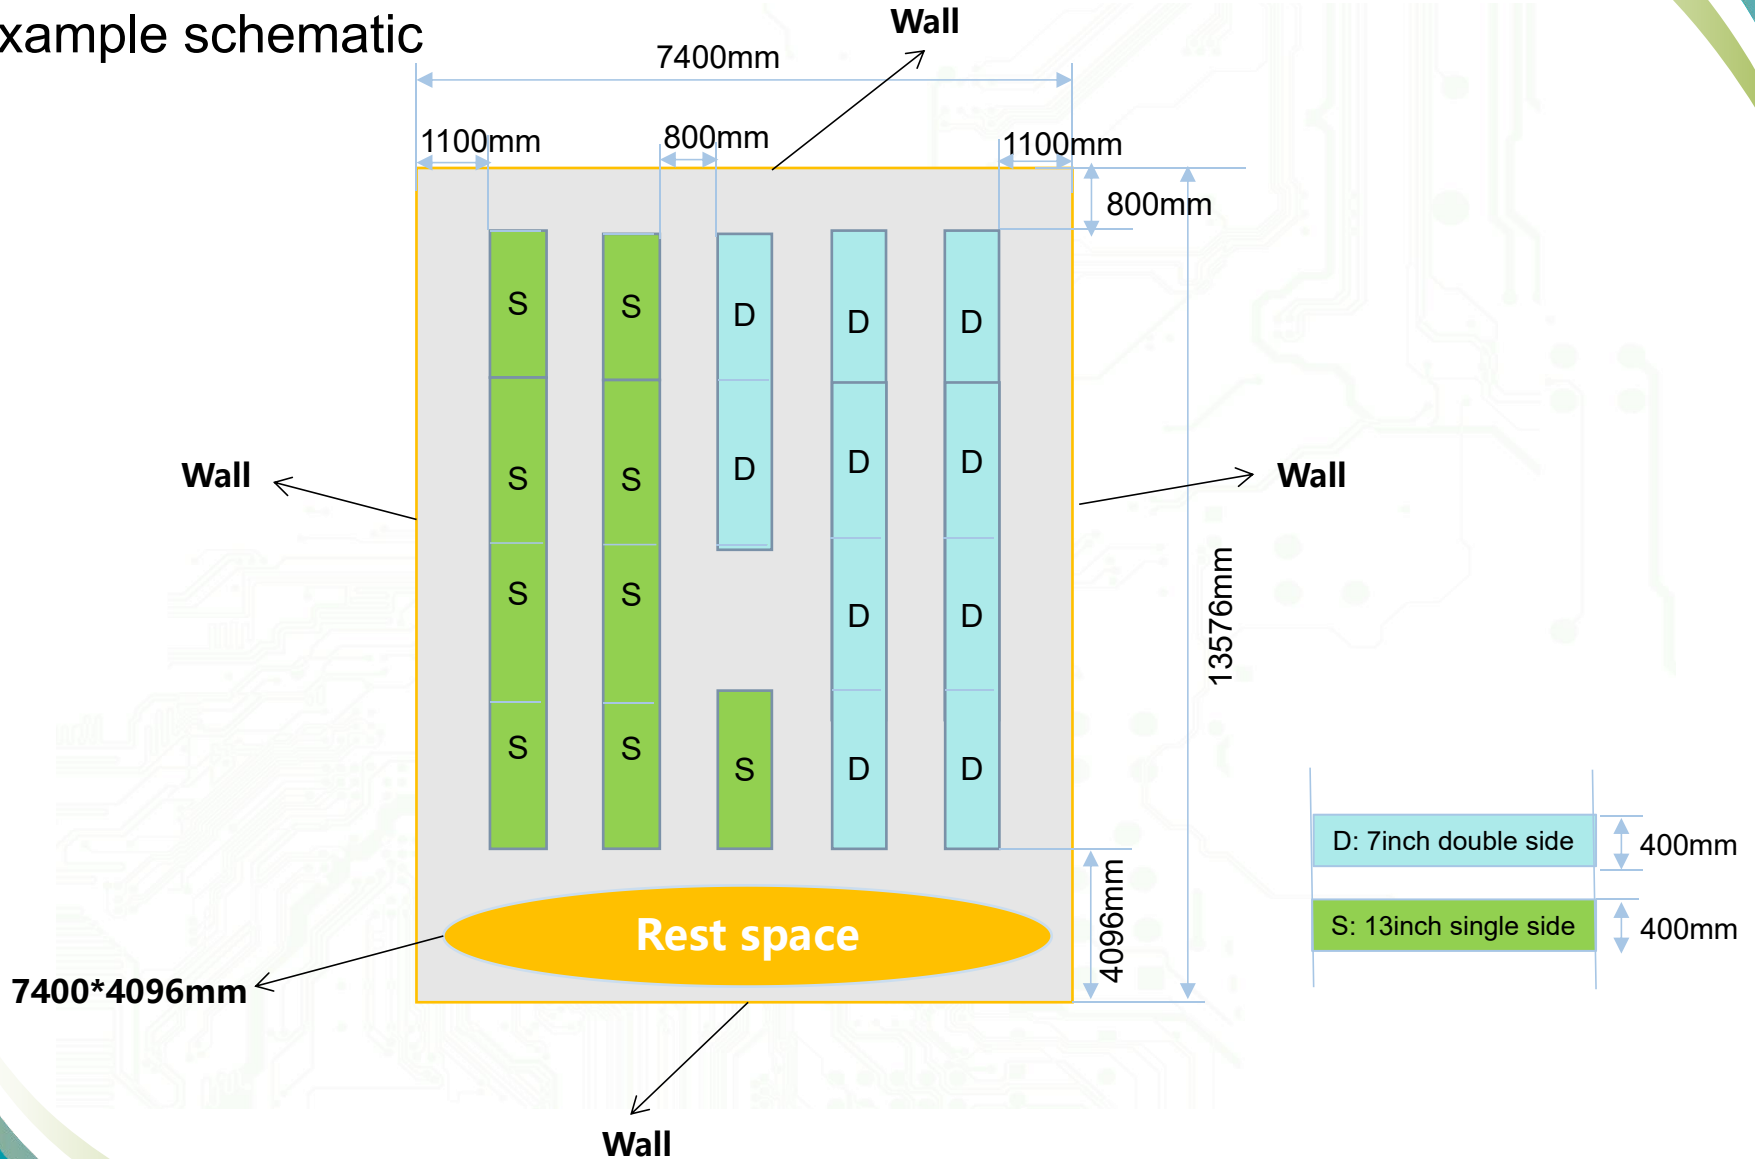

- Suitable for 7inch(double-sided) &13inch reels(single-sided)
- Slot width: 16mm&37mm
- Size: 1500mm*400mm*1510mm
- Storage: $3*2*60=360$ SLOT(7inch)
 $1*30=30$ SLOT(13inch)

Example

Example schematic

Software

(1) . PDA starts material preparation task

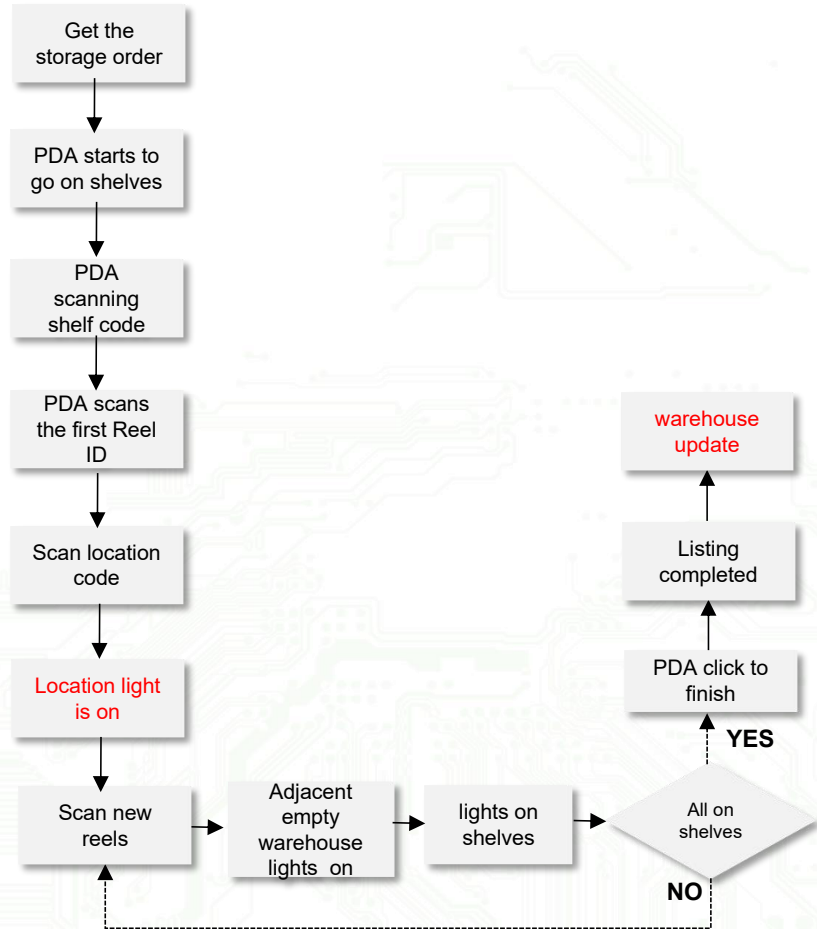

(2) . Enter the reel rack lit by the tower light

(3) . Take out the SMT components from the warehouse location

Reels preparation flow chart

Reels preparation schematic diagram

1. Scan the barcode of the shelf

2. Scan the first Reel ID

3. Scan the barcode of the warehouse location (the scanning of the warehouse location code can be canceled, the specific process is to be determined)

4. Light up and put on shelves

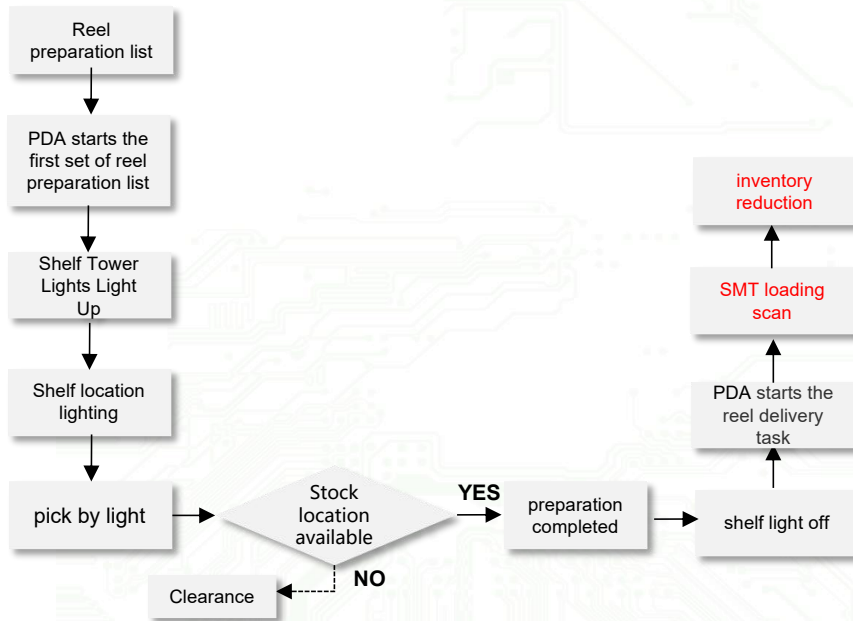

5. Scan the new reel barcode

6. Repeat steps 3-5

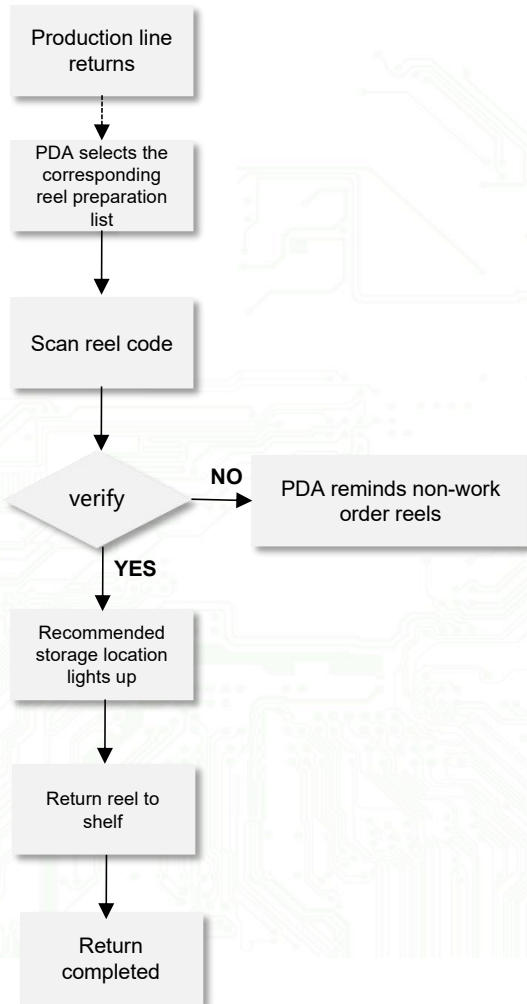

Reel delivery flow chart

Reel delivery schematic diagram

Material returned flow chart

Material returned schematic diagram

1. Start the return task

2. Scan the reel barcode

3. According to the light on the shelves

4. Return completed

Model: SIR5000C Intelligent Stencil Storage

1. Compact Design:

Maximizes workspace with high storage in minimal footprint.

2. MES/ERP Compatibility:

Ensures smooth integration with manufacturing systems.

3. Efficiency Boost:

Quick stencil access optimizes production speed.

4. Ample Storage:

Fits 80 steel meshes in a streamlined structure.

5. Easy Retrieval:

Designed for fast and precise mesh location.

Features	Details
Hardware	Main dimension of equipment: 1740mm x 770mm x 1800mm
Communication Port	Seamless docking with MES/ERP
Software	Improves efficiency and quickly locates steel mesh
Storage Capacity	Can store 80 steel meshes and two layers of 736mm x 736mm x 30mm steel mesh
Benefits	Reduces the area occupied, enhances operational efficiency

Advantage

Storage					
Num	Project	Current	Improved	Result	Remark
1	Training	90days	2days	97%	97% reduction in personnel training days
2	Skill Requirements	Yes	No	100%	No personnel skill requirements, reduced by 100%
3	Impact of personnel changes	Yes	No	100%	The flow of personnel has no impact on the warehouse work
4	100 discs time-consuming	50mins	16mins	300%	Efficiency increased by 300%
5	Employees	8	3	63%	Reduce personnel by 63%

Best After-sales service

- **Worldwide Support**
- **Free Installation/
Training**
- **1 day lead-time (spare
parts)**
- **1 Month customize
solution**
