

Automatic PCB Vacuum Loader for Bare Board Loading

Features

- 1, Operation platform with up and down function, shorten the board loading time, ensure the stability.
- 2, With pass through function, and if you can use it as conveyor if you turn off this function.
- 3, Mitsubishi PLC central control system, stable performance.
- 4, Control panel to true color touch display control panel.
- 5, Unique vacuum generator, with reliable and efficient loading ability.
- 6, Flexible and high pressure sucker design, use imported pneumatic parts.
- 7, With SMEMA communication interface, can be connected with other automation equipment.

S-V500 Bare board vacuum loader

Model:S-V500

Dimensions: L600*W950*H1200mm

PCB size :L500*W390MM

Biggest store PCB number : 100PCS

Transfer height: 920 ± 30 mm

Direction: L to R / R to L

Conveyor Speed: 9m/min

Pitch selection: 10,20,30,40,50

PLC programmable controller control.

Operation control panel : display control touch screen

Power supply: single-phase 220 v, 50 hz

Air: 0.4-0.6 MPa

Weight:about 150KG

A set of electric control case

Quick details

SMEMA compatible

Permanent nameplate

Vacuum+plywood package (free wooden)

Best After-sales service

- **Worldwide Support**
- **Free Installation/ Training**
- **1 day lead-time (spare parts)**
- **1 Month customize solution**
