

Memory support capable of automatically avoiding component.

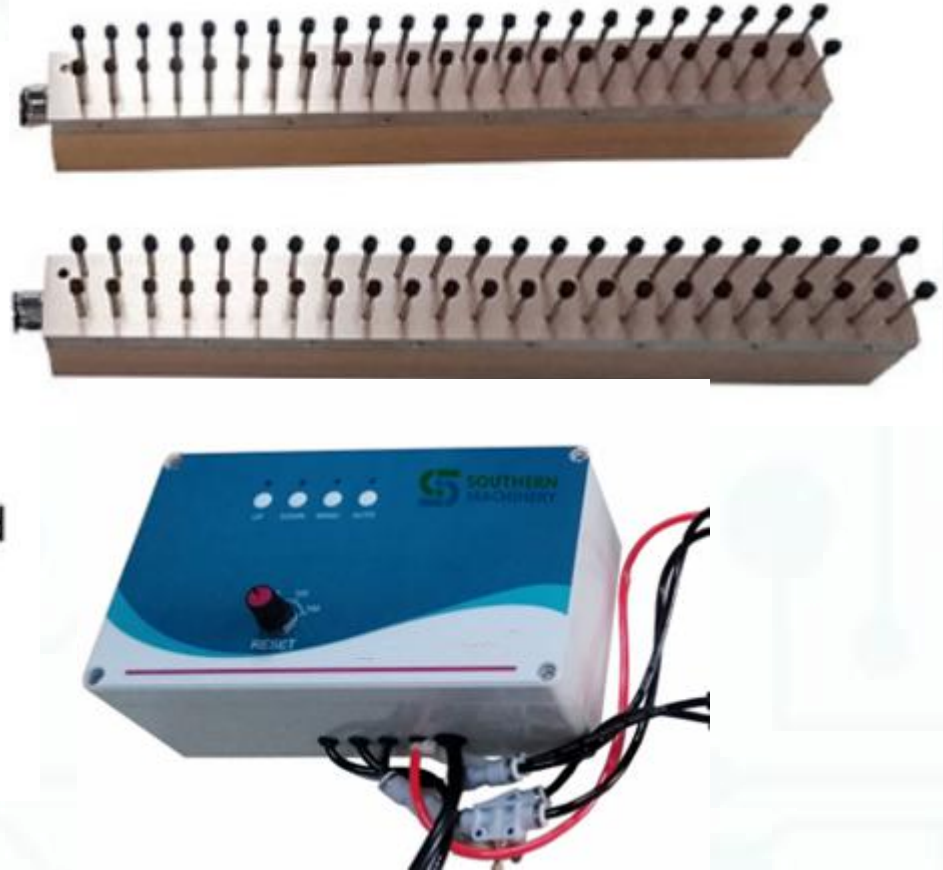

BST-300 board support is an alternative to the traditional printing machine and chip mounter and clamp a memory support products.

The product can reduce the interference of the human hand, can automatically avoid the components, greatly improve the speed of changing the line, improve the reliability, fundamentally solve the double-sided plate and plate deformation printing and patch support Problem. Applicable to any model, for example: DEK, MPM, NXT, CM602, X4, etc

▶ 产品特点 / Product Features

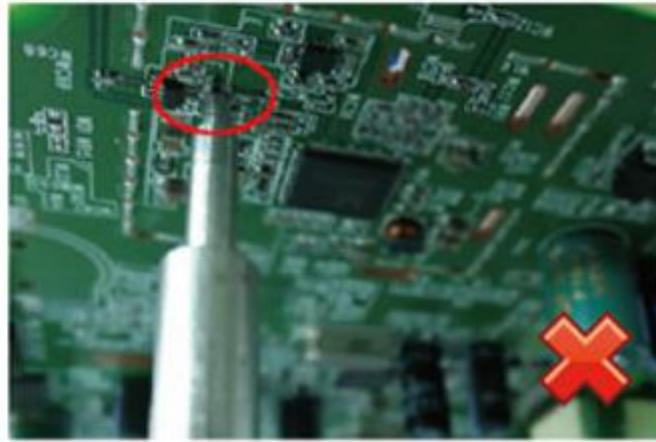

- It is a memory support products;
- To reduce human intervention;
- Fully automatic components;
- Improve the speed of changing the line;
- Enhance reliability;
- Fundamentally solve the problem of double plate and plate deformation printing and patch support;
- Apply to any model, for example: DEK, MPM, NXT, CM602, X4, etc..

▶ 效果对比 / Effect Of Contrast

Traditional thimble
placed time-consuming

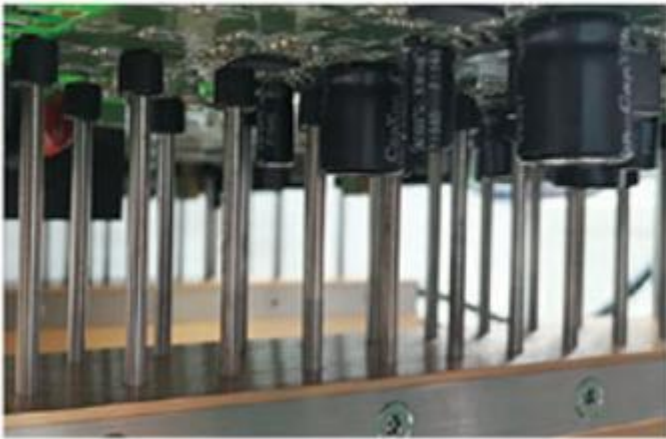

Encountered high precision
plate is difficult to avoid
components

BST-300 fully automatic
components

▶ 细节图片 / Detail Pictures

BST-300 board support to reduce the speed of the intervention line, of improve the staff, the reliability

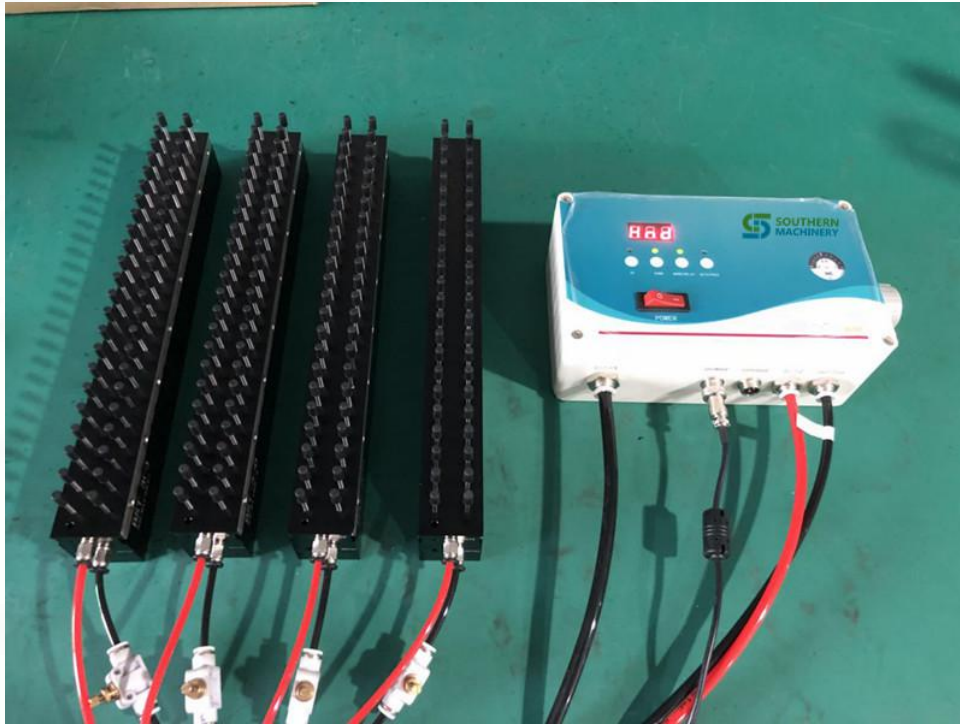

BST-300 board support can automatically avoid components, fundamentally solve the problem of double-sided plate and plate deformation printing and patch support

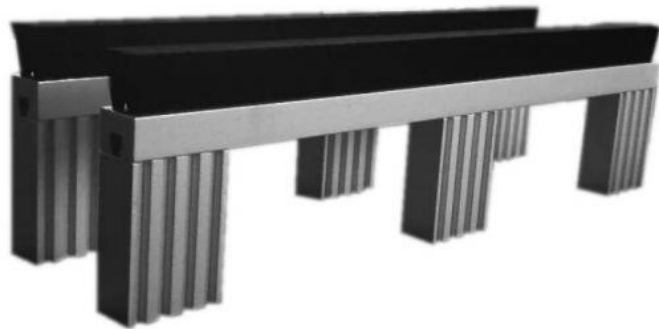

BST-300 board support work on DEK

▶ 参数 / Technical Parameters

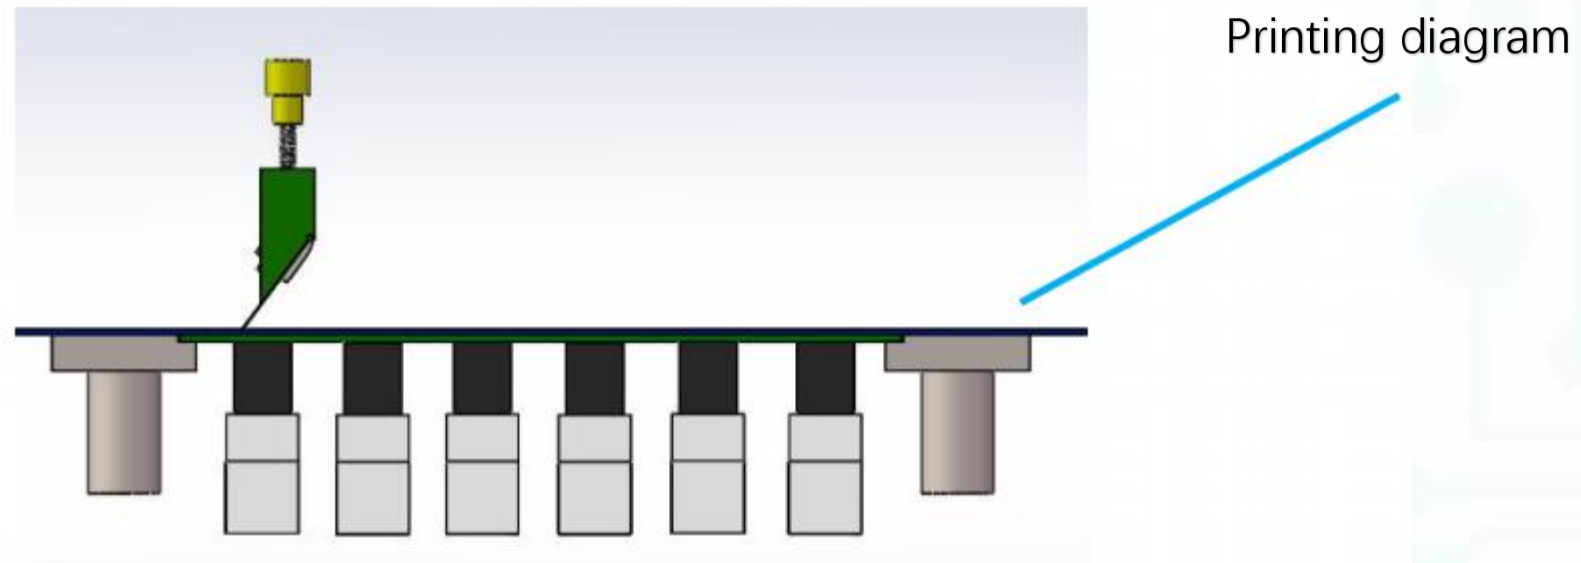

Model	BST-300	BST-301
Printing Mode	DEK Printing Machine	
Module Length(mm)	310	customized
Support Track Height(mm)	50-100	
Control System	Japan Mitsubishi PLC	
AC Power	220V 50HZ	
Air	0.40.5 kg/m ²	
Weight	7kg	customized

Model	S-300	S-301
Printing Mode	Mounter Machine(Yamaha,Panasonic,ASM,Juki)	
Moduel Length(mm)	300	customized
Support Track Height(mm)	50-100	
Weight	1kg	customized

- High versatility
- Unparalleled flexibility
- Minimal operator intervention
- Reduced or zero changeover time
- No risk of component damage

Best After-sales service

- **7x24 Worldwide Support**
- **Free Installation/ Training**
- **1 day lead-time (spare parts)**
- **1 Month customize solution**
